### **Parleys Canyon Interchange is Due for Updated Design**

MILLCREEK. UDOT has undertaken a study of changes needed to the interchange at the bottom of Parleys Canyon. The area has higher-than-average accident rates, and it gets extremely congested during commutes. Millcreek residents know that it's an important part of our access to downtown and the University, as well as Summit County. The giant trucks that (scare us as) we merge with at the I-215 / I-80 westbound intersection are evidence of the national traffic that also uses the Parleys Canyon interchange.

To solve safety issues and increase traffic flow, UDOT is considering a number of strategies. These include adding alternate travel modes (like buses), increasing capacity (more lanes), and/or using other methods of "[transportation demand management](#)." UDOT might also choose to do nothing at all.

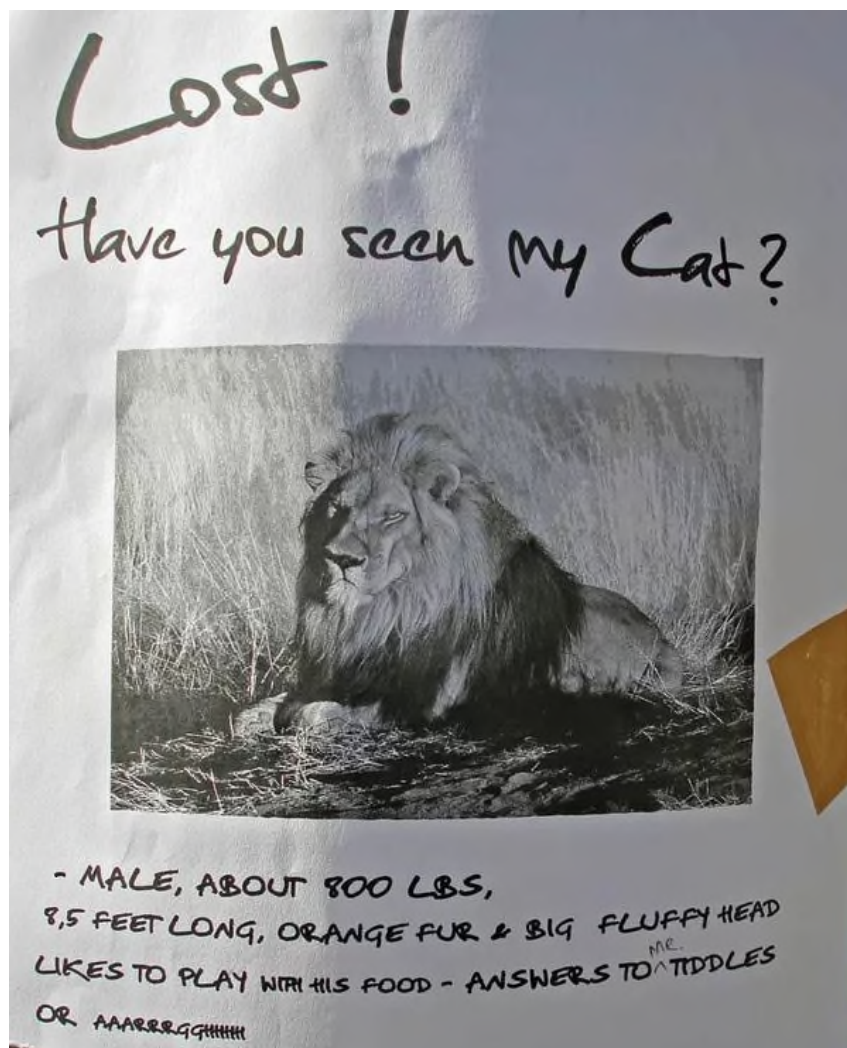

The planners want to hear from YOU, as the choices will be guided by input from the public.

There will be a presentation at the City Council meeting on February 26th at 5 PM. There'll be another at the County Council's meeting on Feb. 27th at 3:30 PM, and a public open house on March 6th from 4-7 PM at Highland High.

Click [here for more information on the Parleys Interchange project](#). You can also [add your comments here](#). The public comment period closes on March 30th, so move fast!

To make more informed comments, you may want to review the strategies currently proposed to improve Foothill Drive. [Click here for a copy of the Foothill Drive Implementation Strategy](#). At the northern end of the Parleys Canyon Interchange, those plans will likely affect the planning decisions.

### **Millcreek Code Compliance Officers Advise Lost Pet Owners to Refrain from Posting Flyers on Safety Signs**

MILLCREEK. From time to time, you may see Code Compliance Officers Tracy Ford and Audrey Cullimore out and about working to help keep our city safe and beautiful. They enforce our ordinances, inspecting properties and responding to citizen complaints. Recently, they noticed a violation that they'd like to bring to our attention.

Please do not post flyers about missing pets on any type of official property-- particularly regulatory signs. For the sake of everyone's safety, such flyers do not belong on stop signs, speed signs, or school crossing signs.

Flyers about missing pets are a good idea, but they need to be posted in safe places. If you are looking for a lost pet, check with Animal Services at [385-468-7387](tel:385-468-7387) or look on their [website](#). Also, check out the story we published several months ago with tips on "[How to Find Your Lost Critter in Millcreek](#)."

If you have a concern about code compliance, you can contact:

- Officer Ford, [801-214-2716](tel:801-214-2716); [tford@millcreek.utah.gov](mailto:tford@millcreek.utah.gov)
- Officer Cullimore, [801-214-2717](tel:801-214-2717); [acullimore@millcreek.utah.gov](mailto:acullimore@millcreek.utah.gov)
- Rita Lund, [801-214-2707](tel:801-214-2707); [rslund@millcreek.utah.gov](mailto:rslund@millcreek.utah.gov).

### **ACTIVE SHOOTER EVENT Quick Reference Guide**

PARKLAND, FL. A few months ago, in response to the Las Vegas shooting, we posted a link to the Department of Homeland Security's [Active Shooter Event Quick Reference Guide](#). Sadly, this week's tragic event in Florida provides another reason to know what to do in such a situation. Let's hope none of us ever need these tips.
